Dear Cristina,

This letter is in regards to the 12/2/13 compliance check of your Category B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- ☐ 110.5(1)a Numbers for police, fire, ambulance, poison information posted by phone. (You need to post your emergency and parent contact phone numbers somewhere near your phone. I suggest using the Phone Numbers sheet I shared with you.)
- ☐ 110.5(1)a Numbers for each child's parent, physician, and a responsible person are accessible by the phone.
- ☐ 110.5(1)j Emergency and disaster plans for fire and tornado are written and posted by primary and secondary exits. (You need to post an emergency/disaster plan next to your front and back door. This plan should include a map of your home and clearly mark fire/tornado exits/locations.)
- ☐ 110.5(1)j The plans shall clearly map building evacuation routes in case of fire, a safe place indoors in case of tornado, and flood shelter areas.
- ☐ 110.5(1)k Fire and tornado drills are practiced monthly and documentation kept. (You need to practice and record monthly fire and tornado drills. I suggest using the Emergency Drill Record sheet I shared with you.)
- ☐ 110.5(1)m Has not less than one 2A 10BC rated fire extinguisher in a visible and readily accessible place on each child-occupied floor. (You need to obtain a 2A 10BC fire extinguisher for your main level. You also need to obtain one for your second floor if you decide to change to a Category A provider and continue using the second floor.)
- ☐ 110.5(1)n Has a minimum of one single-station, battery-operated, UL-approved smoke detector in each child-occupied room and at the top of every stairway. (You need to install a battery operated smoke detector in your living/dining room, and one in your family room on the main level. You also need to add an additional one in the sleeping room on the second floor if you continue to use this level as a Category A provider.)

☐ 110.5(1)o Nonsmoking signs posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone # for reporting complaints, and www.iowasmokefreeair.gov. (You need to post the two no-smoking signs I shared with you next to your front and back door.)

110.5(2) A provider file is maintained and contains:

☐ 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years. (You need to obtain current physician signed statements of health for yourself and all household members to be kept on file. These need to be renewed every two years.)

☐ 110.5(2)b Two hours of approved child abuse and neglect mandatory reporter training (and every 5 years thereafter.) (You need to obtain current certification in the two hour mandatory child abuse training to be kept on file.)

☐ 110.5(2)b Certification by an approved trainer/organization in infant and child first-aid that includes mouth-to-mouth resuscitation. Certification will be maintained throughout period of registration. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR. (You need to obtain current certification in CPR/First Aid to be kept on file.)

☐ 110.5(2)c An individual file is maintained for each staff assistant and contains:

☐ 110.5(2)c Certification of two hours of approved training relating to identification and reporting of child abuse within 6 months of employment and repeated every 5 years. (You need to establish a file for your assistant George and be sure the file contains a copy of his current certification in the mandatory two hour child abuse training.)

☐ 110.9(3) Facility requirements

(You need to either move your entire operation to the main level of your home or re-apply to be a Category A provider in order to keep using the second floor.)
